

ASM NCTS Training Seminar

ASM will be holding an NCTS (New Community Transit System) Training Seminar on the 20th August 2008.

NCTS is an EU/EFTA-wide electronic system implemented in July 2005 to cover the movement of un-cleared goods through the EU and EFTA countries. The session will discuss the customs procedures and requirements in detail as well as demonstrating how this works in the ASM GeMS software (NCTS is a free of charge function of the GeMS software for existing users) and will be invaluable to those wishing to gain a detailed understanding of NCTS. A Customs representative will be in attendance to assist with any specific questions.

The session will commence at 14.00hrs, will be approximately 3 hours in duration and will be held at:

BIFA
Redfern House
Browells Lane
Feltham
Middlesex, TW13 7EP

There will be a charge of GBP75.00 per person. To book your place a booking form can be downloaded from:

<http://www.asm.org.uk/docs/documentation/ASM%20NCTS%20Training%20Seminar%20%20-%20Booking%20Form.doc>

Please e-mail the completed form to training@asm.org.uk . If you require any further information please contact us on 01784 242200.
