

## Customs Procedure Codes for Special Procedures – Error Codes

<b>Customs Information Paper: 35 (2016)</b>	
<b>Who should read:</b>	Importers, Exporters, Freight Agents, and anyone involved in processing customs declarations.
<b>What is it about:</b>	Error codes when using 9AID / 9AIV document codes and status codes JP / UP
<b>When effective:</b>	Immediately
<b>Extant until/ Expires</b>	Upon amendment of the Tariff

### 1. Background

HMRC are aware of error codes being received when declarations are being made to special procedures customs procedure codes (CPCs).

### 2. Procedure

If a customs entry is made to a special procedure CPC where the document codes 9AIV and 9 AID are required and you hold an authorisation that has been issued under the Community Customs Code then you should enter status code JP followed by the reference CCC.

If you have an authorisation issued under the Union Customs Code then you should enter status code UP followed by the guarantee reference number.

### 3. Contacts.

Further information can be found on [GOV.UK](https://www.gov.uk) by entering Special Procedures into the search box.

Issued on the 17 MAY 2016 by Customs Directorate, HMRC.
